

Stereomicroscope BASIC

Item no. 33286

The stereo microscope delivers images at 90x magnification with excellent depth of field, clarity, detail and true-to-life colors and has integrated ESD protection. The reliable, high-performance optics are the prerequisite for consistently precise results. Ideal for a 3D view of tools during incoming goods inspection.

Your advantages:

- High optical performance with 90x magnification
- 3-dimensional viewing
- True color images with fine details
- Ring light illumination with excellent brightness
- ESD measures to protect against static electricity
- Compact design

Scope of delivery:

- stereomicroscope incl. eyepiece with 20x magnification, ring light and dust cover
