## Specifications

Tool type	<b>Indexable inserts</b>
Coating procedure	<b>Pretreatment</b>
Process step	<b>Follow up treatment</b>
Coating unit	<b>Batching</b>
	<b>CC800® XL</b>
	<b>CC800® HiPIMS</b>

With the holder set specially adapted to the CC800®/9 XL, you can coat up to 16,400 inserts\* on 10 double towers. We offer you the right solution for almost all commercially available inserts! Whether rods, clamp holders or magnetic holders - we are flexible!

The PVD holder set CC800®/9 XL contains:

- Coating towers
- Rods with springs
- Clamping rods
- Magnetic rods
- all accessories (such as clinches, locking rings, dummies, etc.)

With spiked and clamped inserts, the tools remain on the same holder system from pretreatment to coating - making labor-intensive, multiple recharging of inserts a thing of the past.
