Training day Coating how does it work?

Item no. 6811

Which coating material is good for which application? What is actually the difference between coating material and coating? What options do tool manufacturers have? What do you have to pay attention to before coating? Expand your knowledge: CemeCon imparts appropriate coating know-how to tool manufacturers and users in coordinated training courses.

Make an appointment with our experts!
We will be happy to provide you with an offer - tailored to your needs!
